THE ILIAD

OUT LOUD

The Iliad adapted
by William Zappa
after Homer

The Iliad tells of the tragic and bloody climax to the ten-year siege of Troy; the darkest episode in the Trojan War.

On the battlefield of Troy the scene is set for the final conflict to claim the beautiful Helen. Only the invincible Greek warrior Achilles can tip the scales of war to glory or defeat, but humiliated by his leader

Agamemnon, he is stubbornly refusing to join the fray. Experience the greatest story of heroism, betrayal and war in literature.

Told in three parts over three days with intervals you can join for a few chapters or the entire tale. This is a great opportunity for those interested in the classics who don't have the time to read the book in its entirety. Experience *The Iliad* as in the ancient world with a modern Australian voice.
